SQUIRE McKECHNIE DIES OF HEART TROUBLE

Popular and Respected Magistrate Passes Away Suddenly at Five O'Clock Thursday Morning

The sudden death of Squire James McKechnie, at his home near Hubble, at five o'clock Thursday morning, shocked the entire community, and came with the suddenness and unexpectedness of a thunderclap in a clear sky.

Squire McKechnie died after a few hours' illness of heart trouble. He was taken sick about midnight, and suffered a hemorrhage, after which he sank fast and expired peacefully and quietly just before the break of day. With him at the time were his wife, his son Bona and other relatives and loved ones. His life went out, as he had lived for three score years, at peace with God and man.

On every side were heard deep expressions of sorrow and surprise at the suddenness of his taking off. He was with his friends in town late Wednesday afternoon, and many congratulated him upon looking better than he had for months and he said that he felt better. The Squire had not been a well man, however, since the European trip he took with his wife, a few months ago, when for the first time since the days of his boyhood, he visited the place of his birth in dear old Scotland. He had been taken ill on the ship en route home, and much of the pleasure of his visit to the old country was marred by his subsequent confinement to his bed and illness while there. Upon his return, however, he seemed to improve considerably and had been gaining strength constantly since being at home again. He had been a victim of an organic heart affection for many years, however, and expected to die in the manner he did.

James McKechnie, as stated, was a native of Scotland. When quite a young boy, his father came to this country, and with his children and wife settled in Wayne County, where he operated a mill for a number of years. About fifteen years ago, the Squire moved to Lincoln County, where he bought a farm in the Hubble section, and raised his family. A man of sturdy citizenship, honest as the days are long, a consecrated Christian and esteemed and beloved by all who knew him, he was selected by his neighbors to represent them on the Lincoln fiscal court, and for two terms had served them well. He was a leading member of the Hubble-Christians church and it is from this house of God where he so loved to worship that the funeral will be held Saturday morning at 10 o'clock, the interment afterwards in the Lancaster cemetery.

Squire McKechnie was married twice, his first wife having been a Miss Sloan. By her, he raised six children four boys and two girls, R. L., Grover, Homer and Edward and Misses Jessie and Jean McKechnie. He leaves no children by his living wife, who before her marriage was a Miss Robinson.

DON'T EXPERIMENT.

You Will Make No Mistake If You Follow This Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's the time to act on time to experiment. These are common symptoms of kidney trouble, and you should seek a remedy which is recommended for the kidneys.

Doan's Kidney Pills is the remedy to use. It has cured many stubborn cases this vicinity.

Can Stanford residents demand further proof than the following testimony?

H. Coomer, N. Fifth St., Danville, Ky., says: "Some years ago I sat off my back and kidneys, especially severe when I attempted to stoop. I was convinced that my kidneys were disordered and as I knew Doan's Kidney Pills were good for such troubles, I procured a box and began their use. This remedy acted just as represented and before I had finished the contents of one box, I was completely cured. My cure has been permanent and I, therefore, think very highly of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SOMERSET MURDERER. Makes Desperate Attempt to Escape The Electric Chair

James Ellis the Pulaski murderer, who was given a death sentence by a Lincoln county jury, made a desperate attempt to escape from the jail at Somerset where he is confined on last Sunday night. A dispatch from Somerset tells of the affair as follows:

Somerset.—Had Deputy Jailor Johnson been a few minutes later last night in investigating the cells in which James Ellis, who is under death sentence for the murder of A. J. Beatty, is kept, Ellis would be at large today, as two bars of his cell had already been sawed and four sawblades and a bottle of acid were found in his cell by Johnson when he went to the cell where Ellis and another prisoner are incarcerated. Deputy Sheriff George Waddle was given a tip at a late hour last night by a friend, who had overheard a conversation earlier in the night, which led him to believe an attempt would be made by Ellis to liberate himself.

Waddle went at once to Jailor Neil Silvers and advised him of the fact and Deputy Jailor Johnson was not on guard. He soon discovered the men at work.

The cell was searched and the four saws and a bottle of acid were found secreted. The authorities are investigating a clue as to who slipped the saws and acid to the prisoners and how it was done.

It is probable that Judge Bethune will send Ellis to Danville or Lexington for safe keeping. He was kept in the Danville jail prior to his trial and conviction here last week.

CUPID'S CAPERS.

Her many friends here will be interested in the following, from the Carlisle Advocate, telling of the wedding of Miss Mary Morton Arnold, daughter of Rev. and Mrs. W. E. Arnold, to a Mr. Dorsey. The paper says:

One of Carlisle's prettiest weddings was solemnized at the Methodist church last Thursday afternoon uniting in marriage Mr. Howard Anderson Dorsey to Miss Mary Morton Arnold. The church was beautifully decorated a huge bank of hollyhocks evergreen plants being formed around the altar. Promptly at 2 o'clock the bridal party entered the church to the strains of Mendelssohn wedding march rendered by Miss Ida Howard and who very softly played Annie Laurie during the ceremony. The bride looked most attractive in a white muslin carrying a shower of bride roses, and was attended by her maid Mr. Jas. M. Strother. The maid of honor, Miss Katherine Arnold youngest sister of the bride was charming in an embroidered gown, and carried a large bouquet of La France roses. The groom's best man was his brother Mr. Stewart Dorsey.

Rev. W. E. Arnold, father of the bride performed the ceremony. The other attendants were Messrs. Allen Hopkins, Ernest Piper, Prof. Wm. Arnold and Donald Williams of Elizaville. Miss Arnold is one of Carlisle's most lovable young ladies and is the oldest daughter of Rev. and Mrs. W. E. Arnold. Rev. Arnold being presiding elder of the Muskeville District of the M. E. Church, South. Mr. Dorsey is the son of Mr. and Mrs. W. L. Dorsey and is a young man of sterling qualities. Immediately after the ceremony they left for a short trip to Cincinnati, after which they will be the guests of the groom's sister, Mrs. Brooks Phillips, of Parksburg, W. Va., for several days. The young people were the recipients of a handsome collection of presents and have a host of friends who wish them much happiness.

COME TO GOSPEL MEETINGS.

The gospel meetings now in progress at Freedom church in Pulaski county are a great success. They are conducted by Eld. Ed. Hubbard, who is unsurpassed in the presentation of the scriptures. The enormous crowds in attendance are proof of the spiritual feast in the plain tangible gospel sermons that are being preached. We hope and pray that much and lasting good may be done. We ask the prayers of every Christian in behalf of a revival of religion as it was in the days of the Apostles.

STEPPED ON MATCH AND BURNED TO DEATH

Edgar Cosby Meets Fearful Fate While Filling Automobile With Gasoline at Lancaster.

Edgar Cosby, who has been driving the oil and gasoline wagon for Jesse Sweeney, of Lancaster, agent for the Standard Oil Company in this section, died at two o'clock at the hospital in Lancaster Thursday morning, as a result of burns sustained when he stepped on a match while filling the automobile of D. W. Mahan with gasoline at Lancaster Wednesday afternoon.

Young Cosby was just 20 years of age and the son of E. C. Cosby one of the most prominent residents of Junction City and a relative of the Hills of this county. He was well known in Stanford and vicinity, making the trip here with the oil wagon about twice a week. He had been in Stanford Wednesday and one of the last customers to whom he delivered gasoline was the Interior Journal.

According to a telephone message from Lancaster, Cosby had just filled the gasoline tank in front of the store of Haselden Brothers and was carrying a can full from his wagon to the auto of D. W. Mahan, the well-known drummer, of Danville, when he stepped upon a match lying in the street. A small pool of gasoline had dripped from the can as the fluid was being poured into the machine and this instantly caught fire from the match. Cosby was wearing a suit of overalls, which had become oiled soaked in his work and the blaze ran all over him. He started to run, but several men caught him, realizing his great danger, and throwing him down wrapped him quickly with coats and other garments, endeavoring to smother out the blaze. This was not accomplished until he had been very badly burned, however, and inhaled much of the flames.

When removed to the hospital immediately, it was found that his flesh had been so badly cooked that great masses came off with the burned clothes when they were removed from him. The young man did not lose consciousness, but quietly stooped the agony, until the end came. Everything possible that medical science could suggest was done for him, but he was burned too badly.

His father and other relatives from Junction City hurried to his side and were with him when the end came.

Meanwhile the blaze from the burning gasoline had spread to the Haselden tank and it had to be removed quickly from the sidewalk into the street to cut off danger of the buildings igniting. The top of Mr. Mahan's automobile burned up and it was otherwise damaged, but the blaze on it was extinguished before it was completely destroyed. Several other cars in the immediate vicinity also ran risks of catching fire but were speedily moved out of the way.

STEAM ROLLER

Run Pett Melt Over J. F. Holtzclaw at Garard Convention.

J. F. Holtzclaw, a former resident of Lincoln, and well known here, got the "hooks" thrown into him at the republican convention in Lancaster last Saturday when a candidate was nominated to oppose John M. Farra for the legislature, according to reports on all sides here on court day.

It is claimed by friends of Mr. Holtzclaw that he had a larger following at the convention than Mr. Dozier, who was nominated, but that Chairman of the convention, Mr. R. H. Batson, ran the "steam roller" over him, just like O'Rear did Hellmuth and other aspiring candidates at the republican state convention. It is further claimed that Mr. Dozier is not qualified to be the nominee in Garard having moved into that county from the mountains less than a year ago.

The friends of Mr. Holtzclaw are very "sore" over the matter and many of them say that they will vote for Mr. Farra, whose friends say he is sure to win anyway. The democrats in Garard were never in better shape and say that they will not only elect Farra but will carry the county for McCreary.

One of the largest and most satisfactory public sales held in this part of the state this year was that of the estate of Wm. A. Burton, of Garard, conducted last Wednesday week at his late home by W. B. and L. L. Burton, the administrators. People came from all over Central Kentucky for the big event and it was estimated that a crowd of fully 1,800 were on hand, and all were well taken care of. The total sales amounted to over \$14,000. Live stock of all kinds sold well for Mr. Burton had a choice assortment and the buyers knew they were getting good stuff. Cattle sold from \$15 to \$59 by the head; aged males went at from \$25 to \$267.50; yearling males from \$100 to \$155; brood mares sold well at from \$100 to \$175; male colts from \$60 to \$117.50. Jim Buchanan getting the pick of the bunch offered at the top price. Steer calves, of which there were nine were sold in a bunch to James Salley at \$23.50 around. Horses brought \$100 to \$175. Five hundred barrels of corn at the heap went at \$2.45 to \$2.55.

Mrs. W. C. Fish, of Paint Lick, and niece, Miss Calvine Mason, of Richmond, were guests of Mr. and Mrs. W. S. Fish and family last week.

OVER 1,800 NAMES ON WETS' PETITIONS.

But Drys Claim Many Are Fraudulent And Others Obtained Thro' Misrepresentation.

Petitions from each precinct in the county, signed in the aggregate by 1883 names were filed Monday in the county court by Geo. D. Florence, attorney for the Wets, asking for an election in Lincoln county on December 18 to say whether or not saloons shall be licensed in this county again.

The total number of signatures obtained is considerably over the 25 per cent of the vote in each precinct and the wets claim to have almost 50 per cent of the vote in the county. Judge Bailey will pass upon the petition next county court day, Oct. 9, when the election if called, will have to be ordered.

The drys who are organizing for the fight, immediately had copies made of the signatures to the petitions, and will investigate the legality of many of them, it is understood. Their leaders claim that in some of the precincts the names of men appeared on the petitions who have been dead for some time, or have moved out of the county. It has also been reported to them, that a number of the men who signed the petitions did so through misrepresentation, some men, whose signatures were sought being told that they were signing a petition for a stock law election, etc.

The drys desire to have every man who will have his name removed from the list, do so at once by notifying Judge Bailey. They will not have the list published until the list has been thoroughly purged and every man's name off who does not wish it to remain there.

Both sides, it is understood, are getting ready to effect a strong organization, make a hard fight to win the election.

A MIRACLE BONA McKECHNIE WAS NOT BLOWN UP.

Wheel Comes Off Buggy and Horse Kicks Dashboard Out While Carrying Dynamite.

Bona McKechnie, son of Magistrate James McKechnie, of the Hubble section, bears a charmed life.

While carrying 50 sticks of dynamite in his buggy from Lancaster to his home last week to blast some rock for a fence a wheel came off the vehicle, the horse became frightened and kicked the dashboard to splinters, and the dynamite was scattered up and down the road for 100 yards, several sticks breaking in two when thrown out of the buggy. Yet nary a stick went off and young McKechnie who hung to the lines to keep the animal from running away and was literally on top of the dynamite throughout the whole, escaped, came out of the experience unscathed.

Harry Maybrier, of Lancaster, who started out with McKechnie in the buggy, jumped for dear life when the wheel came off and ran down the road as fast as his legs could carry him while listening for the exploding horse. The box of dynamite tilted and the sticks rolled out on the pike, yet none was jarred sufficiently to cause it to explode else the tale would have been a different one.

Samie McKechnie father of the young man, went white when they finally got home and told of the happenings of the afternoon. McKechnie was congratulated on all sides for his miraculous escape for it can be regarded as nothing short of miraculous that dynamite should be so tossed about and fail to go off.

JUMBO CAMP MEETING.

The camp meeting at Jumbo on Green river came to a close last Sunday evening, Sept. 10th. We think there was great good done though the visible results were not what we had hoped for. We were handicapped throughout the meeting on account of Rev. Wilson, the song evangelist failing to get there. The order through the entire meeting was good. We are expecting by the grace of God to build up a permanent camp at that place and by next year we expect to have cottages built and have campers on the ground. Bros. Walbridge and McGowan did some fine preaching.

ALL DAY MEETING

PRETTY VARIETY OF TULIPS

Cyclamen grows to height of 18 or 20 inches with flowers measuring Two inches across.

Some varieties of tulips are well adapted to the flower pot. The Cyclamen grows to a height of 18 or 20 inches, with a slender stem. The leaves are long and narrow and the flowers sometimes measure two inches across. This variety is of the funnel

form with bright lemon-yellow flowers, with light shading of green or white, sometimes streaked with pink. It is very fragrant and when properly cultivated is one of the most beautiful of all the tulip family.

The tulip is easy to cultivate, as it thrives well in either heavy or light soil. It does better, however, in rather light soil, well drained and fairly rich. Those grown in heavy, black soil produce smaller flowers and the colors are not nearly so bright.

EQUIPMENT FOR AN ORCHARD

No implement so well adapted for pruning as Common Meat Saw With Swivel Arrangement.

Every progressive orchardist has a surgery equipment for his orchard. The deterioration of an orchard can be checked materially by the use of sharp implements in pruning operations and the application of paint, cold tar preparations or even cement when large amputations are made. Many kinds of pruning saws have been invented and are on the market, but according to prominent horticulturists there is none so well adapted for all-around work in the orchard as a common meat saw, says the American Agriculturist. Combine the regular

butcher's saw with a swivel arrangement at various angles and you will have the ideal orchard pruning saw.

Care for Injured Trees.
The careful orchardist will see that a tree which has been injured in any way receives prompt attention.

HORTICULTURAL NOTES

Sow petunia seeds indoors.

Start the elephant's ear bulbs. Put them in small pots.

Good apple lands must be deeply and thoroughly drained.

Let us spray that we may have a bounteous crop of apples the coming season.

Probably one of the greatest secrets of success in apple-growing is to spray the trees at the right time.

Rich land that is wet the year around will not raise apples. It may raise apple trees but they bear little fruit.

To get the biggest head of bumpy hydrangeas, cut the canes back heavily. It blooms on the current year's growth.

A system of orchard heating, often called "smudging," is one which is used as insurance against the loss of the crop.

Prune the bumpy roses—climbers, rugosas, and hybrid perpetuals. The teas and hybrid teas should not be pruned until April.

Plant trees only in ground that has been under cultivation for at least two or three years and is in a thorough state of cultivation.

Raspberries should occupy the ground six or seven years, and it should therefore be rich naturally or else made so with manure.

The ground on which the new orchard is growing need not be left bare, but the crop grown there should not be one that will injure the trees.

Current and gooseberry bushes should be pruned every year. If they are pruned in tree form they bear larger and finer fruit, and not be so apt to mildew.

Sow poppy seeds at once, no matter if frost is in the ground. Just sow the seeds on the surface. They will be much earlier than if you wait to work the ground.

If you have blackberries that winter kill down to the roots every year, do not destroy them, simply give them a good heavy mulch to protect the roots from too hard freezing.

PREACHERSVILLE.

A 17-months-old child of Mr. and Mrs. John Longworth living in Garrard, three miles northwest, was severely scalded on head, face and arms by pulling a cup of boiling water off the table. At this writing the infant is some better.

John Richardson has rented his farm for 1912 to Ed Owens and will move to Crab Orchard to give his little daughter the advantages of the fine school.

W. C. Blankenship went to Wilmore the first of the week.

Grover Rigby met a mad dog on the highway and killed the creature by pelting it with rocks.

The protracted meeting at the Baptist church closed on Sunday with six additions four by baptism, and two by letter. It is believed much good will yet result as much prayer, mighty exhortations and an uncompromising campaign was made against sin. Rev. F. M. Jones is an earnest preacher and leaves with the best wishes of all.

During the last few night services some devilry occurred on the outside. David Stephens, who suffered at the hands of the miscreants last fall, during services here is said to have had one of his buggy lines cut, and a saddle girl was cut for Howard Holtzclaw.

It is strikingly noticeable that this sort of devilism is on the increase and the disturbance on the outside, here as well as at other churches is more and more unbearable. All well meaning people, whether church member or not, are agreed that it is time to call a halt. Why is the youth of our country more and more devoid of respect for the sacred edifices which dot out land, allowed to go on in their heedless career?

At the next church meeting a motion will be made to appoint a committee whose duty it will be to kindly invite all on the outside to come in or either leave the premises.

This may be considered by some to be too severe but is a certain remedy against disturbance from without.

Phil B. Thompson bought of J. E. Shaw, his home here for \$1,500. It contains 7 acres and a good residence. Mr. Shaw and wife, it is hoped, will continue to make their home in our community as they are good people.

Is a great medicine of proven value for both acute and chronic kidney and bladder ailments. It is especially recommended to elderly people for its wonderful tonic and reconstructive qualities, and the permanent relief and comfort it gives them. Shugars and Tanner.

HOW TO GET RID OF THE LOBBY

To read what Judge O'Rear has to say about the "Corrupt Lobby" one might think that he was the original and only discoverer of this iniquitous conspiracy to control Legislation. Now that the county unit question has been practically settled by the agreement of both parties that they will pass a bill extending the county unit, Judge O'Rear must find something else to talk about, and is expending his energy and eloquence on the "Third House." So bitter is he in his denunciation of the small coterie of politicians who for years have grown rich at Frankfort by corrupting the Legislature, that he proposes to destroy this lobby if it becomes necessary to keep the legislature in session continuously for two years. It costs \$1,000 a day to run the Kentucky Legislature and two years of this continuous performance would place a burden on the tax-payers of \$700,000, if Judge O'Rear is elected, Governor and carried out his threat. It is generally agreed that the lobby must be destroyed, and the Democratic platform pledges the party to its abolition. Governor McCreary has advanced views on this subject as Judge O'Rear. He believes that a corrupt lobby is a curse on any state and if he is elected Governor he will drive its members from the State House.

Convincing proof of Judge O'Rear's insincerity in this matter is furnished by his failure to say anything about the "corrupt lobby" which secured the election of W. O. Bradley to the Senate. This is the same lobby that has operated in Frankfort for many years, the very identical lobby that with Bradley's help defeated the county unit bill, yet Judge O'Rear doesn't open his mouth in condemnation of this conspiracy. Like every other question raised by Judge O'Rear in this campaign, he is promising to do one thing while the whole record of his party shows that when it was in power it did just the contrary.

One of the most effective speeches of the campaign was made at Bardonia on Monday last by the Hon. Ward Hendley. Although he made his appearance at the capital of Nelson on short notice, he had a crowded house, and was given a hearty reception. He was introduced by Congressman Ben Johnson, who will take the stump for the ticket later. Mr. Johnson has expressed himself as confident that the Democrats will win and his active participation in the Campaign will be welcomed by

every Democrat in the state.

Hon Wm. Addams, who contested the nomination with Governor McCreary, states in a Courier Journal interview that the Democratic ticket will be elected by 15,000 majority. Mr. Addams took his defeat like the good game loser that he is, and is now working valiantly for the success of his party in November. The significant feature of this Campaign is the unselfishness of the Democratic leaders. Every man of them is putting aside his personal ambition in a loyal effort to redeem the state.

The Louisville Herald has discovered that a prominent attorney for the American Tobacco Company is against O'Rear. Before Gus Willson became Governor, he was the attorney for this company. It is said that he is not for O'Rear. Is this the "prominent attorney" to whom the Herald refers?

J. Nevin Carter, of the Danville pike, is experimenting with a new clover, known as the Crimson Clover, this fall. He says that a few acres he put in last week made a record growth and he is looking for splendid results. He planted the seed on Saturday. The ground being good and warm. On that night and Sunday it caught a nice, gentle rain, which did wonders with the germination of the seed, and on Monday about noon, he was greatly astonished when Dr. Proctor called his attention to the fact that the clover was already sprouting through the ground. Housework Drudgery

Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription.

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of woman's weakness, builds inflammation and ulceration, and cures those weaknesses so peculiar to women. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any unscrupulous druggist persuade you that his substitute of unknown composition is "just as good" in order that he may make a bigger profit. Just smile and shake your head! Dr. Pierce's Pleasant Pellets cures liver ills.

Mr. Carter plant it Saturday morning and was the first to notice that it was up scarcely 48 hours afterward. This Crimson Clover is said to make fine hay; it grows an exceptionally long flower, and Mr. Carter believes it will prove very satisfactory as hay and feed.

Messrs. John Cammish, Adolph VonGruenigen and Dr. D. E. Proctor attended the Middleton Jersey sale at Shelbyville this week. Mr. Cammish bought three nice young Jersey bulls one a yearling for which he paid \$60 and the others calves. Mr. Proctor bought a Duroc gilt for \$13 at the sale.

Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by all dealers.

LUNSFORD FAMILY REUNION

The Lunsford family reunion was well attended, some fifty people being present. The reunion was held at the residence of Mr. and Mrs. B. Lunsford. A table which grained under its delectable load of good things, had been prepared under the supervision of this excellent lady for the occasion. After the inner man had been satisfied, the happy crowd enjoyed the hours in pleasant conversation.

Both Mr. and Mrs. Lunsford are hale and hearty and as spry as crickets, at 61 and 60 years, respectively. It is the earnest hope of the writer that they shall each round out a century.

This worthy couple reared ten children to manhood and womanhood. Nine survive, one son, David, dying a few years since.

Eight children were present, with 22 bright, healthy, happy grandchildren as the full complement, showing that the favors of a divine providence had been merited—that the scriptural injunction, spoken by the Creator, "Go forth, multiply and replenish the earth and subdue it," had been obeyed.

Their grand-children, divided as follows, are 12 boys and 10 girls, ranging in age from 4 months old to 15 years.

Prof. Wiley Greer, of Oak Orchard, who is a photographer of much skill, whose work is in much demand was employed to make a picture of the family. The jolly crowd repaired to the beautiful shores of Drake's creek, where the patriarch and his dear old wife, surrounded by sons, daughters, and their families, posed on the rocky terrace, back of which the craggy cliffs reared their head, and saw the "birds."

Those photographed were: S. A. Radford and family, of Canaan, Geo. B. Colson and family, of Harbort, J. M. Lunsford and family of Goshen, W. E. Lunsford and family of Fort Worth Texas, J. B. Curtis, and family of Hackley, B. T. Lunsford, Jr., and wife of Garrard O. T. Lunsford and wife of Preachersville and Henry Lunsford also of Preachersville, Prof. A. C. Lunsford of Little Hickman could not attend.

The visiting relatives were: F. T. Parks and family, T. V. Shaw and family, Mr. and Mrs. D. J. Rusby and niece, Miss Heatie, of Cedar Creek and J. T. McCreary

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that of Mrs. N. H. Reed of Fremont, Kansas, whose granddaughter has been taking it successfully and of Mrs. J. E. Whiting of Leam, Wis., who gives it to her children and takes it herself. It is sold in fifty cent and one dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a supply free of charge.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 606 Caldwell Building, Monticello, Ill.
